Chairman Report

REDUCING RUNOFF

YOU CAN DO YOUR PART BY CREATING STORMWATER-FRIENDLY LAWNS, GARDENS

Thomas R. Beatty

When the amount of rain falling exceeds the land's ability to absorb it, the result is stormwater runoff.

Without treatment, stormwater that runs from the land into our waterways can be unhealthy for people and bad for the environment. Runoff can carry chemicals, metals, bacteria, viruses, organic compounds, and other pollutants directly into creeks, lakes, rivers, and streams. Runoff can also cause severe erosion and flooding — even during a typical Pennsylvania storm.

Clearly, then, what we do on the land impacts the quality of our water. That means everyone, not just government, plays a role in protecting this valuable resource by reducing runoff and the pollutants it carries.

This summer, homeowners can take steps to help with the effort by making sure their gardens and lawns are “stormwater-friendly.”

The stormwater-friendly garden

Home gardens can contribute considerable nutrients and other pollutants to waterways if not cared for responsibly. This mainly applies to fertilizers and pesticides.

Fertilizers: Instead of using chemical fertilizers, give organic alternatives, such as compost and manure a try. Compost, a “do-it-yourself” fertilizer that can be created from such things as vegetable scraps and garden clippings, contains the nutrients that help your vegetable grow. When using organic fertilizers, be sure to apply them directly to the ground before planting the vegetables to prevent runoff.

Pesticides: Many insects are harmless to people and play an important role in maintaining a healthy lawn or garden ecosystem. If one is posing a problem, however, identify the exact pest you have and research the non-chemical alternatives to controlling it. Pesticides should be a last resort because they could infiltrate groundwater, possibly contaminate drinking supplies, and hurt downstream ecosystems.

The stormwater-friendly lawn

The following lawn-care steps will not only help to protect local streams and rivers but also result in cost savings for homeowners:

- ◆ **Set your mower height to 3 inches or higher.** Taller grass shows the runoff and produces a deeper and denser root system, which absorbs more water and prevents erosion. Deeper roots also reduce the need to watering during droughts and suppress weeds from growing up around them.
- ◆ **Keep grass clippings and chopped leaves on your property.** A mulch-mower is ideal for retaining and spreading clippings on your lawn. The clippings decompose quickly, provide important nutrients for your

lawn, and settle to create an organic layer on the soil that encourages stormwater infiltration. Using this mulch may also reduce or eliminate the need for nitrogen fertilizers.

If mulching with your clippings is not possible, bag and store them in a compost area and then use the organic material that's created as a fertilizer later.

- ◆ **Figure out if you really need to fertilize your lawn.** Foregoing fertilizer is ideal for the health of local waterways and ecosystems. However, if your lawn is thin or has bare spots, you may not have a choice since a dense, vegetated cover is the most stormwater-friendly lawn.
- ◆ If fertilizer is needed, maximize the benefits of slow-release nitrogen and minimize the number of chemical applications. Typically called “water insoluble nitrogen,” or WIN, on fertilizer bags, slow-release nitrogen limits nutrient runoff and exportation. This type of fertilizer should be applied to your lawn in the spring, instead of the fall, to provide a steady source of nutrients throughout the growing season.
- ◆ **Do not fertilize or use pesticides within 15 to 20 feet of a stream.** Keeping this distance will help keep chemicals out of waterways. Also, if you live near a stream, consider establishing a natural riparian buffer there instead. To learn more about these buffers, visit www.stormwater.allianceforthebay.org and click on “Structural BMPs.”

Also when applying fertilizer, immediately sweep any granulated chemicals off hard surfaces and back onto your lawn. Your walkway, driveway, patio, or local road is often a quick route to the drainage pipes that discharge into local streams

Note: Information courtesy of StormwaterPA and the Alliance for the Chesapeake Bay.

Want to make your garden and lawn stormwater-friendly this summer? You can start my minimizing—even foregoing—the use of pesticides and fertilizers, which could contaminate drinking supplies and hurt downstream ecosystems.

Road Department News

2016 is already shaping up to be a busy year for the Road Department. The somewhat early onset of Spring has allowed the department to get a jump start on work. The following is a list of proposed jobs that will be completed this year:

- ◆ All berms along township roadways will be boom mowed once around Memorial Day and a second time around Labor Day.
- ◆ As part of MS4 regulations, storm sewers will be inspected and cleaned.
- ◆ Ritter Road and all streets in Windy Knoll will be paved. This includes reconstruction of storm sewer basins.
- ◆ Water fountains will be installed at the municipal park.
- ◆ Guide rails will be installed along Duff Road.

ROAD DOGS NEED YOU!!!!

In 2000 Ohio Township created a youth work program for young men and women age 14 and older called the "Road Dogs." At that time their primary duty was to pick up litter and debris from around the Township. Over the last 16 years, the program has evolved to include a wide variety of general maintenance tasks such as litter collection, painting, staining, weeding and planting flowers, trees and shrubs. 73 hard working students have participated in this program since its inception.

Though not a glamorous part-time job, the program has been so popular with families that we have employed many siblings one after another and even at the same time.

For many of the participants this is their first job. They learn teamwork, accountability, and garner a new found respect for their surrounding community.

If you know a motivated Ohio Township student who would like to become a Road Dog this summer, please contact LuAnn Barna at the municipal office at (412) 364-6321.

Employee Profile

JOE JACKSON

Joe Jackson is Ohio Township's newest employee. He has the distinguished honor of being the Township's first Environmental Code Compliance Officer. The increased state and federal mandates / regulations for stormwater and environmental controls necessitated the creation of this position.

While still a student at Indiana University of Pennsylvania, Joe began his career with the township in 2014 as part of the Local Government Academy's summer internship program. His primary goal as an intern was to map, using GIS software, the township's stormwater infrastructure system. His talents, dedication, and perseverance to complete the work led us to offer him a fulltime position upon graduation this past December.

Last August Ohio Township had its first MS4 inspection from Department of Environmental Protection. The map book created by Joe was a vital component of the inspection process.

On a personal note, Joe loves the outdoors. In his spare time he enjoys golf and basketball and the beach at Ocean City, New Jersey.

MS4 / Stormwater Education Opportunity

Better Backyards for Healthy Streams

Sunday, May 15, 2016

Program: 2:00 – 3:30 p.m.

Vendor displays: 2:00 - 5:00 p.m.

Ross Community Center
1000 Ross Municipal Drive
Pittsburgh, PA 15237
Light refreshments provided

[3 Rivers Wet Weather](#) and the [North Area Environmental Council](#) invite residents to a workshop to learn about steps they can take to improve the water quality of their local streams. Even small residential lots can be a part of the solution by better management of stormwater runoff.

Presentations by StormWorks and the Allegheny County Conservation District will include:

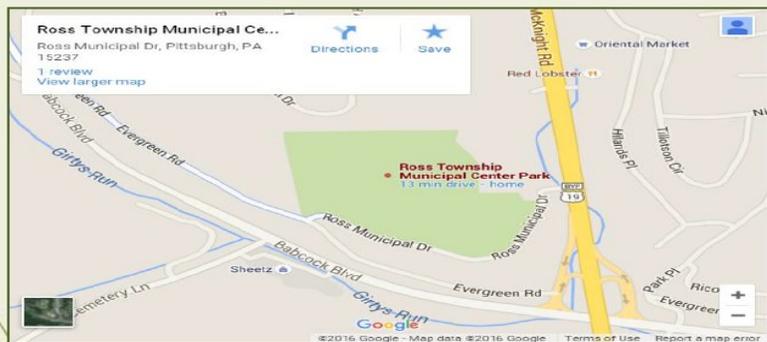

- how hard surfaces such as roofs and driveways affect stormwater;
- what to consider when choosing stormwater best management practices for your property;
- a menu of options to manage stormwater and the maintenance required; and
- healthy lawn care practices to reduce polluted runoff.

Local vendors that provide installation and maintenance of rain gardens, rain barrels, etc. will be on hand to answer your questions.

Register on the 3RWW website: www.3rww.org

Questions? Call 3 Rivers Wet Weather
(412) 578-8375 or email Info@3rww.org

North Boroughs

Needs Volunteers

**DELIVERING FRESH, TASTY, & HEALTHY MEALS
ONE PERSON AT A TIME**

The Meals on Wheels program is designed to help individuals with the inability to shop and prepare nutritious meals.

One nice feature about the program is that there is no income limitations. Eligibility is based on individual needs.

- ◆ Meals are delivered Monday through Friday.
- ◆ A representative will arrive between the hours of 10:30 a.m. and 1:00 p.m.
- ◆ The meals are made for lunch and dinner.
- ◆ All special dietary menus are available for low sodium, low fat, and diabetic.
- ◆ All menus are developed by a registered dietician.
- ◆ Meals are made in a community based kitchen with care and devotion.

AFFORDABLY PRICED

This program is designed to reach all individual regardless of financial needs.

Meals are based on an affordable weekly contribution.

Clients will receive two meals a day; one hot and one cold. That is one low price for lunch and dinner delivered five days a week to your home.

If you have a few hours of free time each week and are interested in making a significant impact on a person's quality of life call the North Boroughs / Sewickley Area Meals on Wheels Coordinator at (412) 766-7763 to volunteer.

Police News

By Officer D. Ryan Ging

With the increasing popularity of drone use by the public, just a friendly reminder these airborne vehicles are required to be registered through The Federal Aviation Administration. The U.S. Department of Transportation's Federal Aviation Administration has created a streamlined and user-friendly web-based aircraft registration process for owners of small unmanned aircraft systems (UAS), weighing more than 0.55 pounds (250 grams) and less than 55 pounds (approx. 25 kilograms) including payloads such as on-board cameras.

If you own a drone, you must register it with the Federal Aviation Administration's Unmanned Aircraft System (UAS) registry. A federal law effective December 21, 2015 requires unmanned aircraft registration, and you are subject to civil and criminal penalties if you do not register.

Registration is a statutory requirement that applies to all aircraft. Under this rule, any owner of a small UAS who has previously operated an unmanned aircraft exclusively as a model aircraft prior to December 21, 2015, must have registered no later than February 19, 2016. Owners of any other UAS purchased for use as a model aircraft after December 21, 2015 must register before the first flight outdoors. Owners may use either the paper-based process or the new streamlined, web-based system. Owners using the new streamlined web-based system must be at least 13 years old to register.

Owners may register beginning December 21, 2015 through the web-based system at:

<http://www.faa.gov/uas/registration/>

Registrants will need to provide their name, home address and e-mail address. Upon completion of the registration process, the web application will generate a Certificate of Aircraft Registration/Proof of Ownership that will include a unique identification number for the UAS owner, which must be marked on the aircraft.

Owners using the model aircraft for hobby or recreation will only have to register once and may use the same identification number for all of their model UAS. The registration is valid for three years.

1ST SUMMER MOVIE IN THE PARK / @ Nature Center Patio / Dusk

Just in time for summer...

Discounted Amusement Park tickets to your favorite local parks including The Pittsburgh Zoo, Idlewild, and Sandcastle will be available for purchase at the Ohio Township Municipal Building soon!

RECYCLABLES ART CAMP

MORNINGS / JUNE 20-24
9AM-12PM (AGES 4-10)

What can you do with that old household item?! Well in this camp, you will find out! Campers will be making items out of different recyclables (not just plastic bottles). Creativity is the secret to great projects that kids can reuse everyday!

Price: \$75 (8:30 drop off, +\$20)
All Day Camp (9am-3pm): \$135
All Day Camp (8:30am-3:30pm): \$165

EXPLORING THE OUTDOORS CAMP

AFTERNOONS / JUNE 20-24
12PM-3PM (AGES 4-10)

This camp is full of exploration of the wonderful outdoors! Campers will learn all things nature, survivor skills, and how to set up a safe camp site. All crafts will be made from natural elements. Grab your hiking boots and join in!

Price: \$75 (3:30 pick up, +\$20)
All Day Camp (9am-3pm): \$135
All Day Camp (8:30am-3:30pm): \$165

COOKING CAMP

MON.-THURS. / JUNE 27-JUNE 30
10AM-12PM (AGES 6-13)

Another Healthy Hands Cooking class brought to you by Kids Nutrition Kitchen! Children will learn all about preparing healthy and nutritious food that tastes great too! More program information coming soon. Visit ohiotwp.org, Facebook, and Twitter for the latest updates.

Summer Fun!

HUMMINGBIRDS SOCCER

TUESDAYS, MAY 3-JUNE 7
6PM-7PM (AGES 3-4)
7PM-8PM (AGES 5-6)

Children have fun and learn the basics of soccer in an age-appropriate program. Players learn dribbling, passing, trapping, shooting, defending, and positioning. Each session consists of instruction in all aspects of the game, participation in fun drills designed to teach skills, and fun, low-key, non-competitive games.

Price: \$65 (includes t-shirt)
Register online at JumpStartSports.com.

T-BIRDS T-BALL

TUESDAYS, JUNE 14-JULY 26 (NO CLASS JULY 5)
6PM-8PM (AGES 3-5)

T-Birds T-Ball is a fun and highly instructional introduction to baseball for 3-5-year-old boys and girls. In each session, players learn the basics of throwing, catching, fielding, batting, and base running, and then apply what they have learned in fun, non-competitive games.

Price: \$70
Register online at JumpStartSports.com.

OLYMPIC MULTI-SPORTS CAMP

JULY 25-29
9AM-3PM (AGES 5-12)

Children ages 5-12 are divided into "countries", separated for age-appropriate instruction, and learn about a wide variety of Olympic sports including track and field, soccer, hockey, team handball, and more. Campers learn about the culture and history of their adopted country, and make a flag to carry at the "Closing Ceremonies" and "Presentation of Medals".

Price: \$125/week Full-Day (9AM-3PM)
\$90/week Half-Day (9AM-12PM)

Also available:
Before Camp Care (8AM-9AM for \$10/week)
After Camp Care (3PM-6PM for \$30/week)
Register online at JumpStartSports.com.

Coming Soon!

Check out the newest programs coming to the park this Spring and Summer...

For more information and the latest updates, visit the [Ohio Township Parks and Recreation Facebook](#) and [Twitter](#) pages, as well as www.ohiotwp.org. For any inquiries, call 412.364.6321 or email arubino@ohiotwp.org. Remember to try out a fitness class, boot camp, story time, or craft class in addition to the programs listed here!

SPEED & AGILITY CAMP

WEDNESDAYS, JUNE 1-AUGUST 3
4:30PM-5:30PM (AGES 10-18)

Coach Scott Fichter, former collegiate football player and track athlete, is bringing his Condition Your Life Camp to Ohio Township! The camp focuses on helping athletes learn proper form and performing specific drills to help increase speed, quickness, and/or agility. Scott has been teaching this camp for 6 years and is excited to help local athletes! Contact Scott at 412.720.0145 or info@conditionyourlifefitness.com for more information.

COMBINE CAMP

DATE TBA
9:30AM-12PM (AGES 12 & UP)

Taught by Coach Scott Fichter, this one-day camp focuses on preparing athletes for their college combine tests, football camps, and football showcases. The camp focuses on teaching and practicing the 4 main tests: 40-Yard Dash, Short Shuttle, Vertical Jump, and Broad Jump. Participants will have access to exclusive videos to reaffirm the skills taught at camp to practice on their own, and parents will be provide with a nutritional seminar! Contact Scott at 412.720.0145 or info@conditionyourlifefitness.com for more information.

ART & CRAFT EXTRAVAGANZA CAMP

MORNINGS / JULY 18-22
9AM-12PM (AGES 4-10)

So many cool activities will help kids learn all about the arts! Campers will use different types of paints, clays, dyes, and mod podge. Kids will create their own projects and learn how to use their creative ideas to make a tangible take-home item. Messy is unavoidable so wear your art clothes!

Price: \$75 (8:30 drop off, +\$20)
All Day Camp (9am-3pm): \$135
All Day Camp (8:30am-3:30pm): \$165

WOODWORKING CAMP

AFTERNOONS / JULY 18-22
12PM-3PM (AGES 4-10)

Wood is one of natures most beautiful pieces of art. Campers will work with all types of wood and wood-working tools. They'll learn about finished, unfinished, prefabricated, pressed and shredded wood, as well as how to apply finishing products. Let's get building!

Price: \$75 (3:30 pick up, +\$20)
All Day Camp (9am-3pm): \$135
All Day Camp (8:30am-3:30pm): \$165

The ASA Soccer Camp will also take place from July 18-21 in the evenings!

SNAPOLOGY CAMPS

AUGUST 1-5
9AM-12PM (AGES 4-6)
1PM-4PM (AGES 7-14)

Jr. Scientist - All About Animals Camp will be held in the morning for younger children while the **Space Wars Camp** will be held in the afternoon for kids ages 7-14.
Price: \$120 per student

Snapology will once again be bringing a one-day workshop to the Nature Center on August 12 for kids age 4 and up! Visit www.ohiotwp.org call 412.364.6321, or email arubino@ohiotwp.org for more details.

Fire Company Honors Resident Volunteer

At the February 1st Board of Supervisors meeting, the Ohio Township Fire Company President, Rob Wible joined the Supervisors in honoring township resident, John "Jack" Connors with over 16 years of volunteer service to the fire company. Jack has served as Co-Chair of the OTVFC Golf Outing since its inception in 2000. Over that time, Jack's unyielding commitment to the organization has raised over \$400,000 for the fire company.

L to R - Herbert J. Hartle, Supervisor / Fire Company Executive Board Member / Golf Outing Co-Chair, Robert Wible, OTVFC President, Jack Connors, Thomas R. Beatty, BOS Chairman, James R. Reid, BOS Vice Chairman

PARADE & CARNIVAL COMING!!!

On Friday, July 15th the Ohio Township Volunteer Fire Company will hold its annual parade and carnival. The parade begins at 7:00 pm and will travel from the fire station to the municipal park. The carnival begins immediately following the parade. On Saturday, July 16th, the carnival begins at 5:00 pm with live music provided by the band, Touche' from 5:00 pm to 9:00 pm. Come and support your local fire department while enjoying free music, delicious food, and games of chance. The evening concludes with fireworks at 10:00 pm.

NEW VOTING PLACE ESTABLISHED

Due to our continued growth of the township, it has become necessary to expand our voting locations. Beginning with the 2016 Primary Election on April 26th registered Ohio Township voters who reside in District #3 will vote at the volunteer fire station located at 1520 Roosevelt Road, Pittsburgh, PA 15237. Which voting district do I live in you ask? Your Voters Registration Card lists all your pertinent information such as name, address, district and party. Allegheny County Department of Elections will be notifying all affected voters of this change by mail a few weeks prior to the Primary.

Registered voters in District #1 will continue to vote at the municipal park located at 325 Nicholson Road, Sewickley, PA 15143 in the lower level of the Nature Center and District #2 voters will cast their ballots in the upper level of the Nature Center.

If you need additional information contact Allegheny County Department of Elections at (412) 350-4500.
